

Full-time Faculty – Automobile Design Program

Job Description

ADYPU School of Design is looking for a faculty member for its Automobile Design program.

We invite outstanding designers engaged in teaching or in practice to join an illustrious group of faculty members. We are particularly interested in experienced design practitioners to provide leadership to our undergraduate and postgraduate programs.

Responsibilities

Responsibilities include teaching undergraduate and postgraduate courses in the Automobile Design program, engage in a rigorous program of research and active service to the institution in various administrative duties as necessary.

Abilities

Working knowledge or familiarity with OEM Design processes and tools is widely preferred. Also, able to teach and offer new courses that are relevant to the development of future designers in the car design industry. Proficiency in a minimum of any three software such as Adobe Photoshop, Illustrator, Sketchbook Pro, Alias, Vred/blender/key shot is desirable.

Candidates should demonstrate potential for scholarly activity through research and interdisciplinary collaboration. The candidate should have a body of creative work that may include exhibition, production, construction, and /or publications.

A thorough understanding of research and design methods; creativity and flair; strong project management skills; excellent communication skills; and a passion for inspiring and teaching are needed attributes.

Qualifications & Experience

Candidates should possess a minimum bachelor's level qualification in Industrial Design / Automobile Design or equivalent. Experience should be commensurate with the position applied.

Experience: Professional design experience and/or university-level teaching experience.

Candidates with 5+ years experience preferred.

Compensation

ADYPU considers its employees as its most valued resource and recognizes this by offering the best compensation package as per the industry norms and provides an exciting and vibrant work environment to work in.

Application

Application must include:
